TECHNOLOGICAL INNOVATION IN GOVERNMENT: TOWARD OPEN AND SMART GOVERNMENT
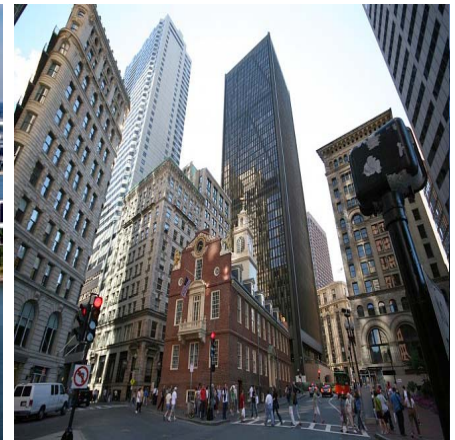

Highlight:

Join us on April 5ᵗʰ at the beautiful UMass Boston Campus Center to hear about and discuss technological innovations in government. We bring together leaders in the emerging fields of technology to share their **proven strategies, policies and examples of technological innovations** in government. We anticipate this will be a highly educational and valuable experience for all. Please visit the symposium website at http://www.sstig.info/symposium/ for more information or contact MassASPA.Communication@gmail.com if you have any questions.

Topics:

Topics explored at the symposium include: (a) Technological Innovations in Government-Best Practices (b) Open Government and Gov 2.0, (c) Data Innovation –Using Data in the Public Sector and Big Data in Government, (d) Online Civic Engagement, and (e) Innovation Implementation Challenges and Solutions.

Registration:

Registration is available at http://www.technologicalinnovationingovernment.eventbrite.com
*Free for Students (must register online to attend) and $35 for Professional Registration. Breakfast and lunch included. Seating is limited – Register Today!
